

Residential Forest schools, Taking the Curriculum Outdoors

This is a unique opportunity for bonding and learning to take place at the same time. Throughout this two day Residential we will cover the basic principles of Forest School Education including history, theory, planning and hands on sessions, how it's possible to take the current curriculum outdoors falls hand in hand with this session. We will also include a range of team building sessions to allow the group to bond more closely.

- Totally customisable
- 2 Days, 1 Evening
- Encompassing learning and bonding
- Up to 15 participants per group
- A great start and development for teaching practices
- Confidence Building
- Outdoor skills building
- Inspirational ideas
- Take the curriculum outdoors

Forest school is a type of outdoor education in which children (or adults) visit forests/woodlands, learning personal, social and technical skills. It has been defined as "an inspirational process that offers children, young people and adults regular opportunities to achieve and develop confidence through hands-on learning in a woodland environment".

It will allow you to think of new and unique ways of taking your curriculum based indoor learning in to the great outdoors.
